NOW \$200

SW540R

SAVE \$37

**TOP
SELLER**

Ergonomic tank design with ribbed side panels for easier carrying and lifting

Longer pumping lever to make it easier to operate the sprayer and less effort to maintain spraying pressure

Pump lever can be changed from one side to the other and folds away neatly for storage

Centrally mounted padded straps for comfort and quick mounting when full

Low friction piston pump design with no leak system for safety – ensures more effortless and safe spraying every time

Carrying handle integrated into the lid design

Lance clips into the lid for easy storage and carrying

Adjustable brass ConeJet nozzle to make spray pattern adjustments fast and easy

Rugged brass lance with angled nozzle holder for perfect spray distribution at the correct height

Wide filling port with filling strainer inside

UV-stabilised tank for long life

Pressure gauge mounted on the spray trigger for accurate application

Lock-on spray function on the spray gun with in-built pressure filter to avoid nozzle blockages

Secure clips at the base of the straps so they won't come off the bottom frame

Tank to base support for added strength

SINGLE REEL
TRAYMOUNT SPRAYER**

WAS \$12,838

**NOW
\$10,692***

QS9SDE-100

The single reel SDE range performs heavy-duty spraying tasks with ease. Spraying is a breeze with our remote-controlled hose reels. You'll enjoy less frustration of tangled hoses, with our unique Supa-Slip® hose. It's designed to slide easily around trees and obstructions, so you can work freely without tangling the hose. With up to 200m of hose capacity, you can get to those difficult-to-reach locations.

QS9TDE-200

WHILE STOCK LASTS!

**QUIKSPRAY 9TDE
TWIN REEL
TRAYMOUNT SPRAYER**

WAS \$17,475

**NOW
\$15,462***

QS9TDE-200

The 9TDE gives you all the benefits of the flagship 9TBE system with mechanically driven reels while saving you space on your vehicle. It fits comfortably on a single cab ute or can also be mounted to a trailer. With tank sizes up to 2000L, you have the ability to utilise two operators at the same time, without interference from one another thanks to the intelligent independent radio-controlled retraction system. You'll be able to cover twice as much ground, in the same amount of time.

QS9SDE-100
